Masticating Juice Extractor

Model **8006**

Masticating Juice Extractor

The Omega Model 8006 Nutrition Center is a single gear masticating juice extractor. Using a low speed of 80 RPMs results in minimal heat build up and oxidation promoting healthy enzymes and longer lasting juices. Designed and engineered for health-conscious individuals who want a greater variety in their daily juicing routine, this 8006 has the ability to also juice everything from wheat grass and leafy greens to fruits and vegeta-

bles. Not just for juicing, the Nutrition Center turns nuts into nut butters, extrudes pasta, grind coffee and spices, mince herbs and garlic, make baby food and frozen desserts, and extrude soy milk. The 15 Year Warranty the longest in the Industry – guarantees you've purchased "the last juicer you will ever need to own."

Masticating Juice Extractor

The Omega Model 8006 Nutrition Center is a single gear masticating juice extractor. Using a low speed of 80 RPMs results in minimal heat build up and oxidation promoting healthy enzymes and longer lasting juices. Designed and engineered for health-conscious individuals who want a greater variety in their daily juicing routine, this 8006 has the ability to also juice everything from wheat grass and leafy greens to fruits and vegetables. Not just for juicing, the Nutrition Center turns nuts into nut butters, extrudes pasta, grind coffee and spices, mince herbs and garlic, make baby food and frozen desserts, and extrude soy milk. The 15 Year Warranty – the longest in the Industry – guarantees you've purchased "the last juicer you will ever need to own."

- Heavy Duty unit with Multiple Uses:
 - Fruit and Vegetable Juicer
 - Wheatgrass and Leafy Green Juicer
 - Pasta Extruder
 - Grinder/Mincer
 - Prepares Nut Butters, Baby Food and Frozen Desserts
 - Soy Milk Extruder
 - NEW More Durable Auger – GE's ULTEM material results in an auger 8 times stronger than others.
 - 15 Year Warranty – The longest in the industry guarantees a confident purchase.
 - Motor – 1/3 Horsepower 3600 RPM Motor gears down to 80 RPMs – 2 Horsepower with the gear reduction.
 - Low Speed 80 RPMs – Ensures full taste and high nutritional values. Powerful motor chews the plant fibers and penetrates membranes to extract vitamins, enzymes, and minerals.
- Continuous Juicing – Automatically ejects pulp into a pulp container that allows for continuous juicing.
- Quality Engineering – Heavy-duty construction using the highest quality materials equates to a juicer that is engineered to last a lifetime.
- Built in Reverse – The built in reverse prevents clogging.
